Full-Time Instructor Position – Computer Information Systems

Fulton-Montgomery Community College invites applications for a full-time, tenure-track instructor position in Computer Information Systems to begin Fall 2025. The primary areas of professional responsibility include instruction in Database Design and Programming and Web Development. Other areas of assigned instruction are likely to include Cybersecurity and the Linux Operating System courses. Responsibilities also include curriculum development and assessment.

Qualifications:
- A Bachelor's degree in Cybersecurity, Computer Science, Computer Information Systems, Information Technology, Software Engineering, or closely related field from a regionally accredited institution is required. Master's degree preferred. The successful candidate must earn a master's degree within five years of initial appointment.
- Previous teaching experience is preferred.
- Knowledge of Computer Applications, Hardware, Networking, Linux Operating System, and Internet programming.
- Familiarity with current trends in Cybersecurity, Networking, and emerging technologies is highly valued.

Salary and Benefits:
- Salary: $62,999 annually.
- A comprehensive benefits package including health insurance, a NYS Pension Plan, and other perks to support your professional and personal well-being.

Application Procedures: Applications should be submitted by e-mail to **Faculty2@fmcc.edu**. Applications should include a cover letter, resume, copies of transcripts (official transcripts required for hire) and a list of five references with their current phone numbers and addresses. The search will remain open until the position is filled. Starting teaching rank of Instructor with base salary is set at $62,999.
