¹SUNY policy allows tuition discount for designated students.

²Course fees are assessed for courses that offer various types of labs, special equipment and/or support services. This includes traditional lab arrangements associated with science and technology courses as well as the computer labs and peer tutor program which the College makes available as support to many courses in the Business, Technology and Liberal Arts areas.

³Technology Fees - The Technology Fee supports development, implementation and access to campus wide facilities and services.

PLEASE NOTE: Students should pay or defer in full by the payment due date.

When students register or pre-register for study, they incur an obligation for tuition and fee charges and (for students who reside in New York State) a Certificate of Residence.
